April 13, 2007

Dear Local 30 Steward:

The Food and Drug Council is supporting UFCW Workers and needs your help.

The Food and Drug Council (a growing coalition of labor unions throughout California) has begun hand billing at select Albertsons' grocery stores. And could use your help!

The Food and Drug Council is asking for assistance with hand billing at select locations located in San Diego County. The labor movement needs to step-up and lend a hand to show the grocery store chains that **UFCW members are not alone!**

This is informational hand billing only, and they are not asking the public to boycott the store. They are merely informing the public that negotiations are under way and the need for a fair and equitable contract for the well deserving members of the UFCW.

**If you are interested in signing up for a shift at selected stores near your neighborhood or work place, please call the Local 30 office at (619) 640-4840.**

Please do not go to a store on your own. Specific hand billing guidelines have to be followed by law, and we must avoid any overlapping at stores to be effective.

Thank you for your support.

In unity,

A handwritten signature in black ink, appearing to read "Walter Allen, Jr.", written in a cursive style.

Walter Allen, Jr.
